## Directions to the Hawthorne Inn

### **Heading East from Asheville/Statesville/Hickory/Charlotte**

1. Head East on I-40, then continue East on Business 40 into downtown Winston-Salem.
2. Take the Cherry St. exit (5-C) onto High St. The front entrance of the hotel is immediately on your right.

### **Heading West from Raleigh/Greensboro/High Point/Virginia**

1. Take I-40 West, then take Business 40 split (exit 206) into downtown Winston-Salem.
2. Take the Cherry St. exit (5-C) onto Cherry St.
3. Turn left at the first traffic light onto First St.
4. Turn left at the next traffic light onto Marshall St.
5. Cross over Business 40 and through the next traffic light.
6. As you head downhill, the hotel's rear parking entrance will be on your right. Turn into the parking lot and drive around the building to the hotel's front entrance.

## **Election Results:**

Congratulations to newly elected Executive Committee Members: Deborah Pritchard (Chair Elect), Janice Foushee (Treasurer), Bill Eberle (Director) and Robert Yokley (Councilor)

#### About This Conference

The PANIC meeting is intended to address topics that occur daily in industrial, government, and academic research laboratories whose primary task entails the application of NMR to a diverse set of analytical problems. Topics will include quantitation, molecular structure characterization, trace component and mixture analysis, and product support for a variety of materials that include small molecules, polymers, heterogeneous mixtures, natural products, biosimilars, polysaccharides, and proteins. The conference will provide in-depth discussions of the "nuts and bolts" of basic NMR experiments that accent the underlying best-practices developed to address these everyday problems. It also will explore the regulatory aspects of the applications of these experiments. Greater insights will be provided into the less frequently explored techniques used in NMR such as quantitation, chemometrics, automation, relaxometry, and at/on line instrumentation. Attendees will have the opportunity to learn about and discuss applications of NMR to polymers, petroleum, food, agriculture, and nutritional supplements that are rarely discussed at other NMR meetings. Ample opportunity will be given to Network with people who are experts in inventing NMR experiments to solve real world problems in a timely and efficient manner that is demanded by working in the venue of product delivery.

#### PRESENT A POSTER!

PANIC encourages attendees to gain further exposure by presenting their work in the poster sessions. To secure a poster board and inclusion in the conference materials, your abstract must be submitted, approved and your registration paid in full by **December 20, 2013**.

Register online, or by phone, fax or mail. Please indicate that you would like to present a poster. Once your registration has been fully processed, we will send an email with a unique link and instructions for submitting your abstract using our online abstract submission tool.

Reasons you should present your research poster at this conference:

- Your poster will be exposed to our international delegation
- Your poster abstract will be published in our conference materials
- Your research will be seen by industry leaders
