Senior Chemist News

Dear Senior Chemists,

Our next meeting is Thursday, March 16 at Syngenta in L-1101. We'll enjoy a pot-luck dinner followed by a presentation by Prof. Dayna R. Touron of the Psychology Department at UNCG. Her topic will be "Cognitive Aging". I will purchase either turkey or ham from our Senior Chemist budget so please bring all the side dishes and desserts. **Please RSVP by March 14** so I can order an appropriate amount of entrée.

Thanks and I look forward to seeing everyone next week!

Robert

Also, keep in mind these upcoming Senior Chemists activities.

(1) March 24: Day trip to Raleigh to visit the NC Museums of History and Natural Sciences organized by David Pollard. David will provide more detail as the date gets closer.

(2) April 20: A 1/2 day trip visit to Bethabara Park in Winston-Salem starting at 10:00 AM and organized by Dave MacInnes. We will meet at the visitors center on Bethabara Road (parking behind the center). Things to do: see visitor's center; walk the grounds which contain a few historic houses and many foundations; a palisade fort; gardens and a very primitive site showing how the Moravian settlers first lived when they arrived. The park abuts the Greenway where there are lots of interesting trails along a nice stream and lake. Lunch will follow. Dave will provide more detail as the date gets closer.

(3) May 11: Senior Chemist Committee members Mark Grunenwald, Cliff Bell, Jack Reid, Regina Rollins, and David Pollard will each formally present a talk on their respective Hobbies and Interests. This promises to be an especially fun and informative evening. Dinner arrangement and location TBA. I will provide more detail as the date gets closer.

Please forward this message to anyone you believe would find interest in these meetings and activities.

**17th Annual
Poster Vendor Night**

FREE Local Trade Show

Who: *Open to the Public*

Chemists, Lab Technicians, and Chemistry Teachers
in the Piedmont Triad Area
(you do not have to be an ACS member to attend)

When: Tuesday, March 28th, 2017 from 3-7 p.m.

Where: Joint School of Nanoscience and Nano-engineering
Gateway University Research Park
2907 East Gate City Blvd. Greensboro 27401

What: Meet with lab supply vendors, tour the JSNN
analytical capabilities available for collaboration,
see local research and network with other chemists
& local area employers.

Or Bill Eberle Bill.Eberle@Syngenta.com 336-632-7569

Poster Vendor Night is Coming: Mark your Calendars and Invite your Colleagues

The Central NC section of the ACS will be holding their 17th Annual Poster Vendor Night (PVN) on Tuesday, March 28th at the Joint School of Nanoscience and Nano-engineering/Gateway University Research Park. Easily, our biggest event of the year, PVN highlights chemical research from industrial, graduate and undergraduate groups in the Triad, while at the same time offering you face to face access to many of the top chemistry supply and instrumentation companies. Please contact Jill Tierney (tierney_j@bellsouth.net) or Bill Eberle (bill.eberle@syngenta.com) for more information about presenting posters and Sameer Tyagi (sameer.tyagi@syngenta.com) if you are interested in participating as a vendor.

This event does not happen without the large number of volunteers; if you are interested in helping out, please contact Jill Tierney (tierney_j@bellsouth.net) or Bill Eberle (bill.eberle@syngenta.com).

ACS membership is not required to present or attend.

Confirmed Vendors include:

Ace Glass

Agilent

Bruker

Buchi

En-Cas Laboratories

Gerstel

Heidolph

JEOL

Sciex

Shimadzu

Millipore-Sigma

Thermo Fisher MS

Thermo Fisher Lab Products

Waters

Microsolv

MacCord Mason

Scientific Calibration

EMD Millipore Sigma

Nominations are now open for the Piedmont Triad Biotechnology Excellence Awards to be presented at Triad BioNight on March 30th at the Sheraton Greensboro Hotel at Four Seasons. Regional representatives for the Awards Committee for Triad BioNight will evaluate nominations independent of the regional office and NCBiotech. The deadline for nominations is March 2nd at midnight.

Nominations are welcome in five categories: Academic Development Excellence; Biotechnology Community Leadership Excellence; Biotechnology Service/Support Excellence; Entrepreneurial Excellence; Research & Development Excellence.

Triad BioNight is the marquee event for the Piedmont Triad region's biotechnology community led by the [Advisory Committee for Biotechnology in the Piedmont Triad](#) and the [Piedmont Triad Office](#) of the N.C. Biotechnology Center. This event attracts several hundred leaders from academia, industry, and the community from the region and across the state and features awards to celebrate biotechnology leadership in the Piedmont Triad.

Recently announced are Co-chairs Patti Crawford Church, director, client relations & relocation at Berkshire Hathaway HomeServices Carolinas Realty, and Jill Keith, Ph.D., professor of biochemistry in the department of biological sciences at Winston-Salem State University. Keith is also an adjunct professor in physiology and pharmacology at Wake Forest University Health Sciences.

Nominate, sponsor the event and/or plan to attend! More details can be found [Here](#).

Best,

Jill
